

DYKEM[®] Temporary Metal Markers

SUDZ OFF[™] & RINZ OFF[™]

DYKEM[®]
Temporary
Metal Markers

A "Must Have"
for
Quality System
Marking, Coding
& Identification
on
Metal Surfaces.

✓ Identify Defects

✓ Color Coding

✓ No "Ghosting"

✓ Reduce Waste

✓ Parts Identification

RINZ OFF™

- Ideal for quality control, part assembly, identification, site inspection and more
- Color code for different operators/shifts, parts placement or reject/accept
- Easy identification of pressure points or defects in metal
- Available in Medium and Heavy Duty 44 sizes
- Felt tip writes on untreated, bare metal surfaces
- Will not react with paint systems*
- Drying Time: 45 seconds to 1 minute

91105-Blue
91108-Green
91106-Red
91757-Yellow

RINZ OFF™ 44

44109-Black 44709-White
44105-Blue
44108-Green
44106-Red
44757-Yellow

The **DYKEM® RINZ OFF™ Water Removable Ink Marker** writes temporary marks on non-treated, non-painted and non-porous metal surfaces. Marks or "touches" can be *removed with water or in a water bath and leave no "ghosting" or bleeding when painted over. Drying time is 45 seconds to 1 minute. Also available in aerosol and bulk.

*Test ink on surface for ease of removal before extensive use.

SUDZ OFF™

- Ideal for quality system marking, including defect identification, pass/fail of a process and in-process part tracking
- Withstands a wet environment, stays on until removed with detergent
- Available in Medium and Heavy Duty 44 sizes
- Drying Time: 15 to 20 seconds

SUDZ OFF™

91985-Black
91938-Blue
91371-Green
91939-Red
91146-White
91694-Yellow

SUDZ OFF™ 44

44985-Black 44939-Red
44938-Blue 44146-White
44371-Green 44694-Yellow

The **DYKEM® SUDZ OFF™ Detergent Removable Ink Marker** is a dye and pigment-based felt tip marker perfect for temporary writing on non-treated, non-painted and non-porous metal surfaces which require ink that is water resistant. Marks can be removed with detergents with a pH level of 10 or above and will not react with paint systems.* Drying time is 15 to 20 seconds. Also available in aerosol and bulk.

*Test ink on surface for ease of removal before extensive use.
